WELCOME!
Workshop and Research Conference Sponsors

- NDIRA – a collaboration between IPUMS and the Life Course Center with a focus on using large-scale population data from IPUMS, funded by NIA

- Big Microdata Network – an IPUMS initiative focused on training and bringing together researchers using full count census data, funded by NSF
What to expect the next two days

● A LOT of information intended to inspire ideas, raise awareness of data opportunities and limitations, illustrate approaches to using IPUMS data to think about the importance of place
● A supportive environment for asking questions and exploring ideas
● Developing new connections
What to expect after the workshop

● Evaluation: we want your feedback; please let us know how we can make this workshop and conference better
● Follow-ups: we want to hear about presentations and papers that are informed by your participation in this workshop and conference
● Stop by and connect with us at the IPUMS booth at conferences!
